

Thank you for participating in the Direct Travel Global Hotel Program.

Your Premium participation level includes a marketing **email message** to our Travel Advisors and Account Managers. This document provides instructions and next steps for submitting your hotel email message content to secure your spot on our marketing content calendar.

Direct Global Hotel Program marketing provides reach of over 2,000 professional employee agents focused on corporate business. All email reaches corporate and leisure agents.

Please follow these instructions to prepare and submit your email message for distribution.

Planning your email message

- You can choose to share in an introduction / information only to your property's features and amenities or a special rate/package offer
 - Special offers require the rate to be GDS bookable
- We don't have a fixed deadline for your email content submission. Email spots are filled in as content comes in, the sooner you submit yours, the better the chance of securing the timing you prefer.
- If you have existing hotel sales collateral that includes your message, we can use it as a foundation to craft your email. It provides content we can break down and re-purpose into a compelling email.
 - If you would like us to use existing sales collateral, please attach that piece and let us know you want it used in the "text to include" section of your submission form.

Guidelines

Sample emails are attached.

- Aim for around 100 words and 2-3 photos. One photo minimum is required. (see examples on the following pages)
- Accepted file formats include pdf, jpeg, and png files.
- Avoid any messages or offers that require booking direct or links to external booking sites.
- We are happy to promote anything you like about your hotel. Some ideas: awards won, remodels, great hotel features like restaurants or pools, photos that show what's special about a hotel, unique meeting space, seasonal promotions or special promo rates (could be a percent off or extra inclusions, or even things like complimentary late check out as a featured special offer).
- All rate offers must be bookable via the GDS via a **Direct Travel Rate Plan DTI or DTV**.
- We cannot accept messages or offers that require booking direct or links to external booking sites.
